Neha Chaturvedi

BIM Engineer

Noida, India • neha.chaturvedi@example.com • +91 95XXX XXXXX • example.com/portfolio

Summary

BIM engineer with architectural modelling and multidisciplinary coordination experience on commercial building projects. Maintains model standards, tracks coordination issues and prepares drawing and quantity outputs.

Experience

Feb 2022 - Present

BIM Engineer, Example Meridian Design Consultancy

Noida, India

- Maintain architectural Revit models and coordinate federated reviews with structural and MEP designers for two commercial building projects.
- Run weekly Navisworks clash reviews, group duplicate findings and maintain an issue register with owners and target dates.
- Identified a duct and beam conflict across three floors, recorded the design query and verified the revised model after the responsible designers agreed a change.
- Maintain project naming, level and shared-coordinate requirements across four consultant teams.
- Prepare quantity take-offs and flag discrepancies for review against the latest drawings.

Jul 2020 - Jan 2022

Architectural Modeller, Example Lantern Architecture

Delhi, India

- Modelled residential and institutional projects in Revit from architect sketches.
- Produced GA drawings, sections and schedules for tender packages.
- Set up Revit families and templates the studio standardised on.

Education

B.Arch, Architecture — 2015 - 2020

Example Lakeside University · First class

Skills
