Neha Iyer

Biotechnology Graduate

Chennai, India • neha.iyer@example.com

Summary

Biotechnology graduate with supervised laboratory experience in basic molecular biology and experimental record keeping. Completed an undergraduate fermentation project using teaching-laboratory equipment, documented repeat measurements and presented limitations clearly. Seeking a junior laboratory or research support role.

Experience

Laboratory Intern, Example Brook Teaching Laboratory

Jan 2026 - Mar 2026

Chennai, India

- Completed a supervised 12-week placement preparing labelled teaching materials and maintaining sample receipt records for three student project groups.
- Recorded absorbance measurements and control observations in the laboratory notebook using the supervisor-approved worksheet.
- Checked reagent inventory weekly and flagged approaching expiry dates to the laboratory coordinator.
- Prepared a short handover describing completed work, equipment bookings and unresolved documentation questions.

Education

B.Tech in Biotechnology

2022 - 2026

Example Lakeside Institute

Skills

Laboratory practice: Micropipetting in supervised practicals, Spectrophotometry, Buffer preparation, Laboratory notebook maintenance

Analysis: Excel charts, Replicate comparison, Basic descriptive statistics, Literature review

Projects

Undergraduate fermentation study

- Compared growth measurements from three teaching-laboratory conditions, recording three replicate observations for each condition.
- Presented the method, control observations and limitations in a departmental poster.
