Faizan Ahmed

Junior Full-Stack Developer

Aligarh, India • faizan.ahmed@example.com • +91 88XXX XXXXX • example.com/portfolio

Summary

MCA graduate with a software engineering internship and two web projects. Builds Java and JavaScript services, integrates interfaces and writes tests for application behaviour.

Experience

Software Engineering Intern, Example Cedar Software Jun 2025 - Aug 2025

Remote

- Built REST APIs in Spring Boot for an internal ticketing module and integrated them with a React front end.
- Wrote 60 unit tests, taking module coverage from 48% to 79%.
- Fixed 11 defects from the backlog, including a race condition in the assignment queue.

Education

MCA, Computer Applications 2024 - 2026

Example Lakeside University · 8.2 CGPA

BCA, Computer Applications 2021 - 2024

Example Lakeside University · First class

Skills

Backend: Java, Spring Boot, Node.js, Express, REST API design

Frontend: React, JavaScript, HTML5, CSS3, Tailwind

Data and tools: MongoDB, MySQL, Git, Docker (basic), Postman

Projects

Campus event portal

- Full-stack MERN application used by 6 campus societies for event registration; 2,300 registrations across two semesters.
- Implemented role-based access, email confirmation and a CSV export for organisers.
- Deployed on Render with MongoDB Atlas and a GitHub Actions pipeline.

Urdu-English transliteration tool

- Built a rule-based transliteration prototype with a 4,000-word lexicon; correctly transliterated 182 of 200 manually labelled held-out words in a project evaluation.
- Documented errors involving ambiguous spellings and prepared a demonstration with example inputs.

Languages

Urdu · Hindi · English
