Leena Shah

Radiography Graduate

Pune, India • leena.shah@example.com

Summary

Radiography graduate with supervised clinical placement experience in general X-ray services. Keeps patient communication, accurate records and escalation within the placement role. Seeking an entry-level post with appropriate supervision.

Experience

Radiography Student, Clinical Placement, Example Lakeside Teaching Hospital (placement)

Jan 2025 - Jun 2025

Pune, India

- Supported general X-ray sessions under the supervising technologist, following the department's assigned checks and escalation process.
- Explained the next steps in routine examinations using approved department wording and referred clinical questions to the responsible professional.
- Checked that placement logs and examination records were complete before supervisor review.
- Recorded equipment concerns through the department reporting process and assisted with room-readiness tasks within the placement scope.

Education

BSc Medical Imaging Technology

2021 - 2025

Example Rivergate Institute

Skills

Clinical placement: Supervised general radiography, Patient communication, Examination records, Escalation protocols

Professional practice: Confidentiality, Placement documentation, Team handovers, Equipment issue reporting

Projects

Placement documentation review

- Reviewed a supervisor-approved set of de-identified training logs for missing fields.
- Summarised recurring documentation questions for the placement mentor without including patient identifiers.
